Download update for TomTom? (2019-02-04 03:53:51 UTC) It looks like the most commonly used GPS software. Ama (2019-01-23 04:50:01 UTC) How can I download TomTom software if I can only install it from the official website??? Bryan (2018-11-22 02:45:30 UTC) I feel that this is an invaluable site for any TomTom or Garmin user. I can't tell you how many hours I've spent in learning the absolute basics of these units and yDGpatch is where I learned how to do that. No doubt, when I've finally mastered it, I will love to know how. And I'm sure that it will be of use to many like me. Desmond (2018-10-18 01:30:36 UTC) The author should make

yDGpatch a stand alone software. This is very easy to use and make the journey enjoyable.

Fosch (2018-10-18 00:47:19 UTC) I think that the author should make yDGpatch a stand-alone software. With this application I can download updates for TomTom and I also activate my new TomTom one. But I can't install it because it isn't work with Win10.

Navipapa (2018-09-11 09:19:03 UTC) I love the way the program is simple and user friendly. Thank you. :) Skip (2018-08-21 06:19:10 UTC) is always worth a try, and now I can always install it on the TomTom, save my device from losing maps. Download link is active well and always update the latest version for the free to use it.

vico b (2018-08-06 09:28:44 UTC) This is exactly the tool I needed for my device! Thanks for posting.

lyfar (2018-06-25 11:48:38 UTC) Fantastic update and free too. This is a "must have" update for everyone looking to "repair" their TomTom device.
